

# ENVIRONMENTAL EXPLORERS

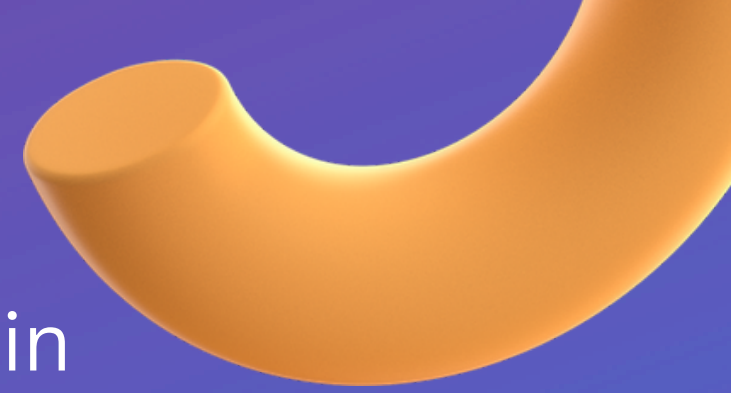

# ELM

TERM 5

# LITERACY

This term our writing will be based around the book Leon and the place in between. This is an enjoyable text that the children will really explore within their writing. The children will be applying their writing skills by writing dialogue, setting description, poetry and by writing a narrative piece.

The children will develop their understanding of word classes and experiment with these in their writing. They will build on their understanding of relative clauses and expanded noun phrases. We will also learn how punctuation can add effect in their writing.

# Maths

This term in maths, we will be exploring a number of different concepts, including money, time and fractions. we will also be consolidating our understanding of place value in addition and subtraction, and exploring our 9- and 11-times tables.

# PE

In P.E this term we will be learning the skills and knowledge to play cricket. We will start by looking at bowling the ball, before looking at batting and the rules of the game.

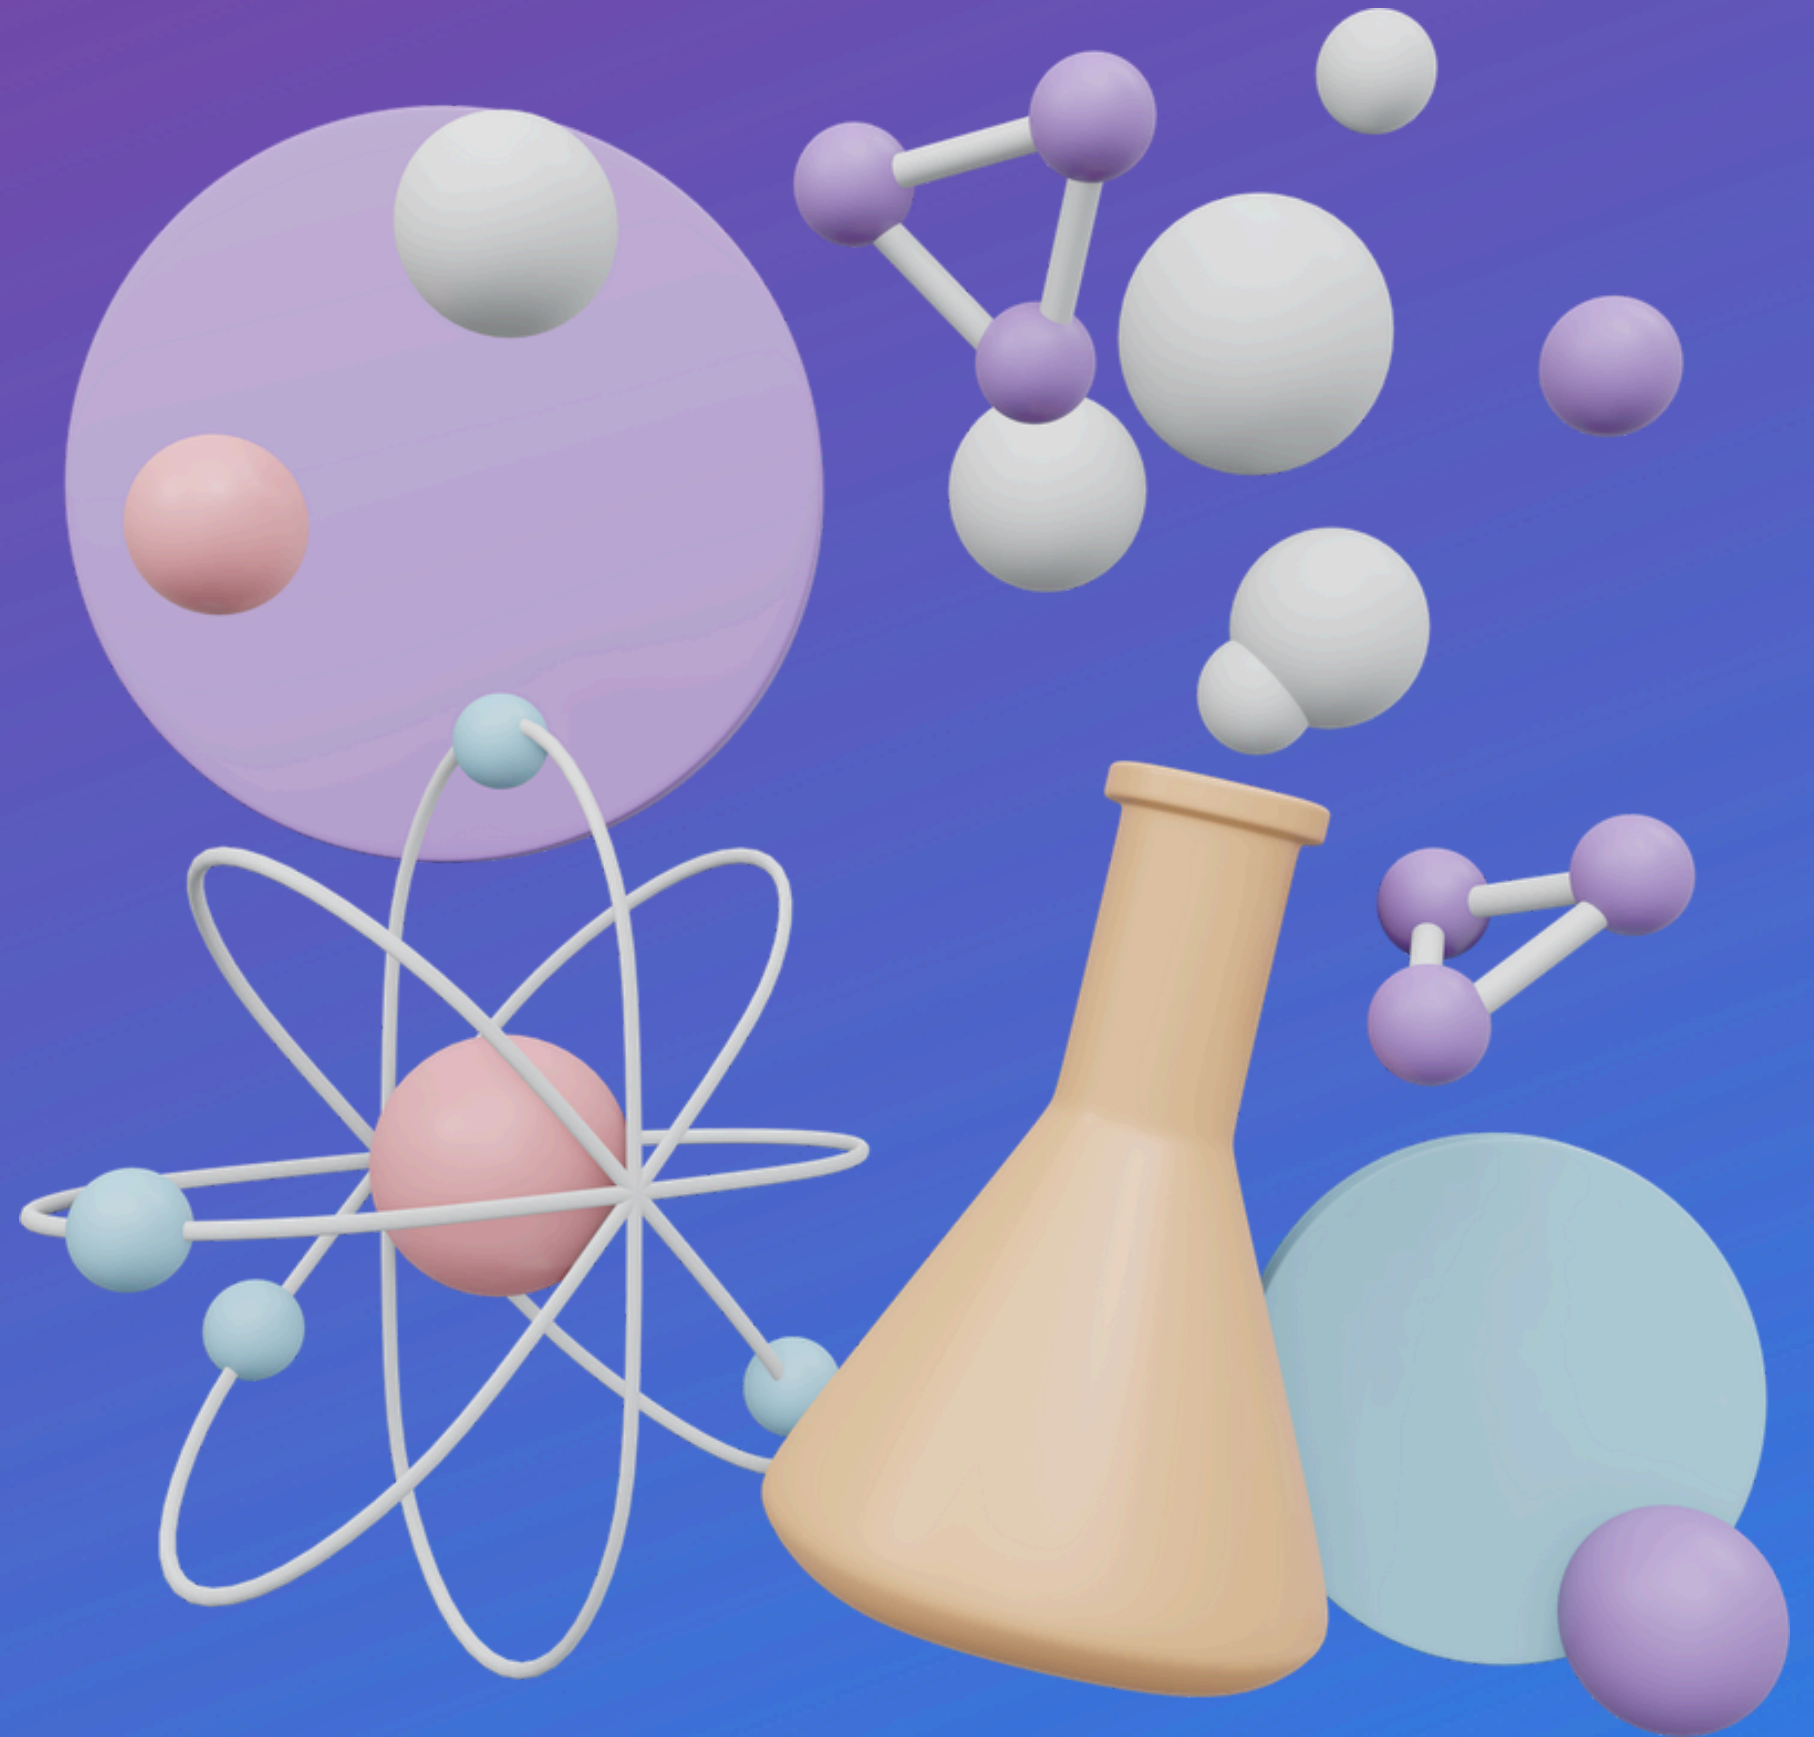

# Art/DT

Art and design this term will focus on designing a creating packaging to keep an item safe. We will be exploring how buildings are designed to survive earthquakes and looking at examples of packaging before designing our own.

# Science

Our topic in science this term is plants. We will be exploring how plants reproduce and grow, as well as holding experiments to find out what plants need to survive.

# Topic

In geography, we will be exploring mountains, volcanoes and earthquakes this term. We will learn about tectonic plates, find mountains and volcanoes of the world and think about how living near volcanoes or earthquake zones affect people around the world.

# RE

This term in RE, we will be exploring why and how people pray. We will be talking about what prayer means to us, exploring how people of different faiths pray and exploring how prayer affects the lives of those who do.

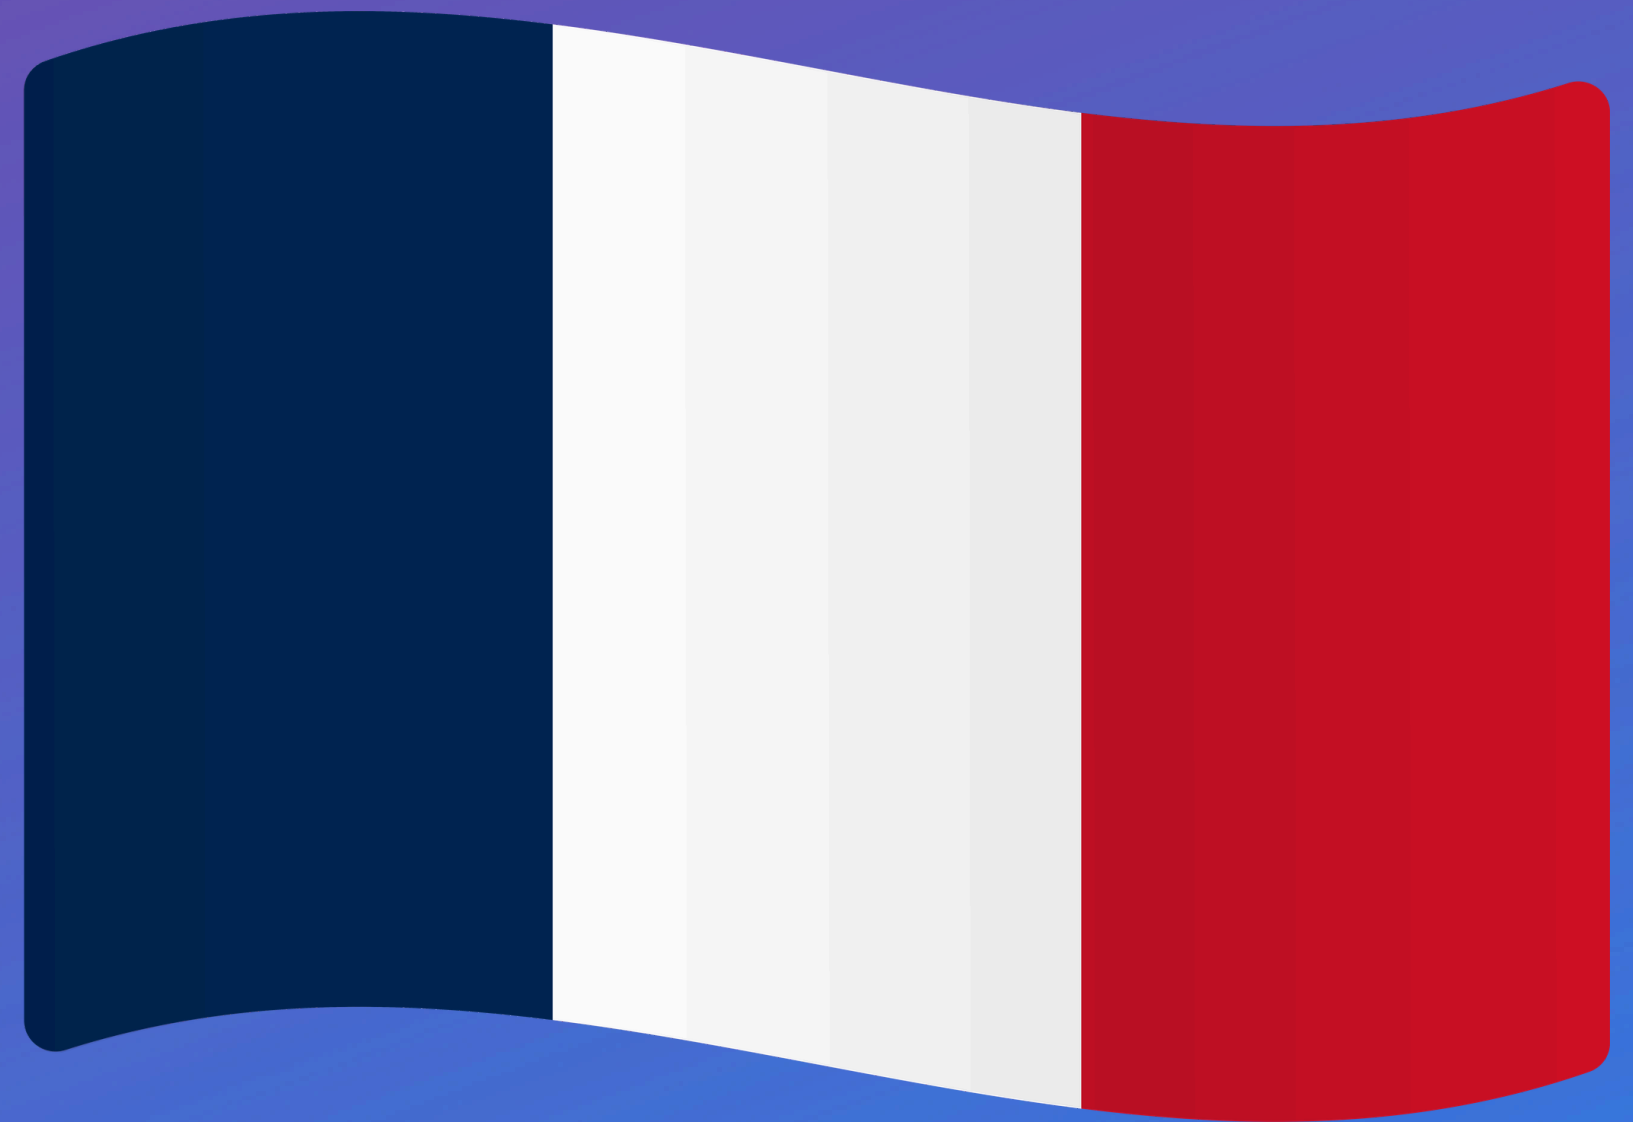

# Computing

This term in computing, we will continue looking at programming, using Scratch to programme a sprite, developing our own programmes and learning to fix bugs in our coding.

# French

In French this term, we will be learning to speak about different pieces of clothing. This will help us to explain different pieces of clothing we are wearing.

**Thank you  
for  
reading!**
